

THE CHICAGO THEOLOGICAL SEMINARY

REGISTER

ALUMNI DIRECTORY ISSUE

1859-1954

A. C. McGIFFERT, JR., D.D., LITT.D., LL.D., *President*

5757 UNIVERSITY AVENUE • CHICAGO 37

FOREWORD

The Alumni of the Seminary are a diversified and widespread group of men and women. To the Seminary they are indebted for the whole or a part of their theological education. To honor them all, the living and the dead, and to mark our Centennial, the Seminary again publishes a Directory of its Alumni. Though they are not "more in number than the sand," in the Psalmist's word, they make a goodly company.

The Seminary was founded in 1855. The first class to be graduated was the class of 1859. This Directory begins with the class of 1859 and concludes with the class of 1954.

During the first fifty years of its history, the Chicago Theological Seminary on several occasions published a list of its Alumni. The practice ceased in 1908, when in Volume I, No. 1, of *The Chicago Theological Seminary Register* there appeared a Directory of Alumni which included approximately 1800 names. This list is reprinted substantially unchanged in the present Directory.

Over a period of some months we have endeavored to secure exact information about Alumni. The total list numbers approximately 3800. Any corrections in the following lists will be welcomed.

A. C. MCGIFFERT, JR.
President

EXPLANATORY NOTE

Alumni are listed both alphabetically and by classes. Part I, the Class List, gives present occupations. Part II, the Alphabetical List, indicates the degree received, if any, and serves as an index.

PART I

Under each year the names are arranged in two alphabetical lists. The first contains, above the dividing line, the names of those who received a degree from the Seminary. Also to be found above the line are those who were granted the degree of Ph.D. or M.A. by the Seminary and the University of Chicago. The second list, below the line, contains the names of those who were matriculated but received no degree. But all are included among the Alumni, as matriculation, not graduation, is the basis of inclusion. In cases where the alumnus has been granted more than one degree he will be listed under the class of the earliest degree. Alumni are listed under their last known year of residence.

HONORARY DEGREES

Recipients of honorary degrees are listed at the end of Part I.

PART II

Part II lists in alphabetical order the names of all persons who were matriculated in the Seminary. Arabic numerals following the name indicate the year of graduation or the last year of attendance. In all cases the first two figures of the year are omitted.
